# Genesis Rive-Sud

Location: Genesis Rive-Sud

Installed: May 2024

TopBrewer Compact with Ice-Bank Fridge

The state-of-the-art design of the TopBrewer fits seamlessly with Genesis Rive-Sud's luxurious ambiance, offering a unique and sophisticated coffee experience. Customers can enjoy a variety of beverages, from a rich espresso to a frothy cappuccino, all crafted to perfection with just a touch on the intuitive app.

The installation of the TopBrewer is part of Genesis Rive-Sud's commitment to enhancing customer convenience and satisfaction. The bar area, now equipped with this cutting-edge coffee maker, serves as a social hub where clients can relax and savour their customized drinks while discussing the latest Genesis models or waiting for service appointments.

In addition to its functional benefits, the TopBrewer's minimalist design adds a touch of elegance to the space, blending effortlessly with the modern aesthetic of the showroom. This integration not only elevates the customer experience but also reflects Genesis Rive-Sud's dedication to innovation and excellence in every aspect of their service.

TopBrewer

# Möbel

Location: Montréal, Québec

1 TopBrewer Pro series

Installation 2024

Möbel, a company specializing in selling furniture to businesses, continuously seeks out the latest trends to offer excellence and sophistication to their clients and staff. The introduction of the TopBrewer has proven to be a crucial addition to their office space, enhancing the ambiance of their prominent break room area.

TopBrewer

Möbel

TopBrewer

## Groupe API

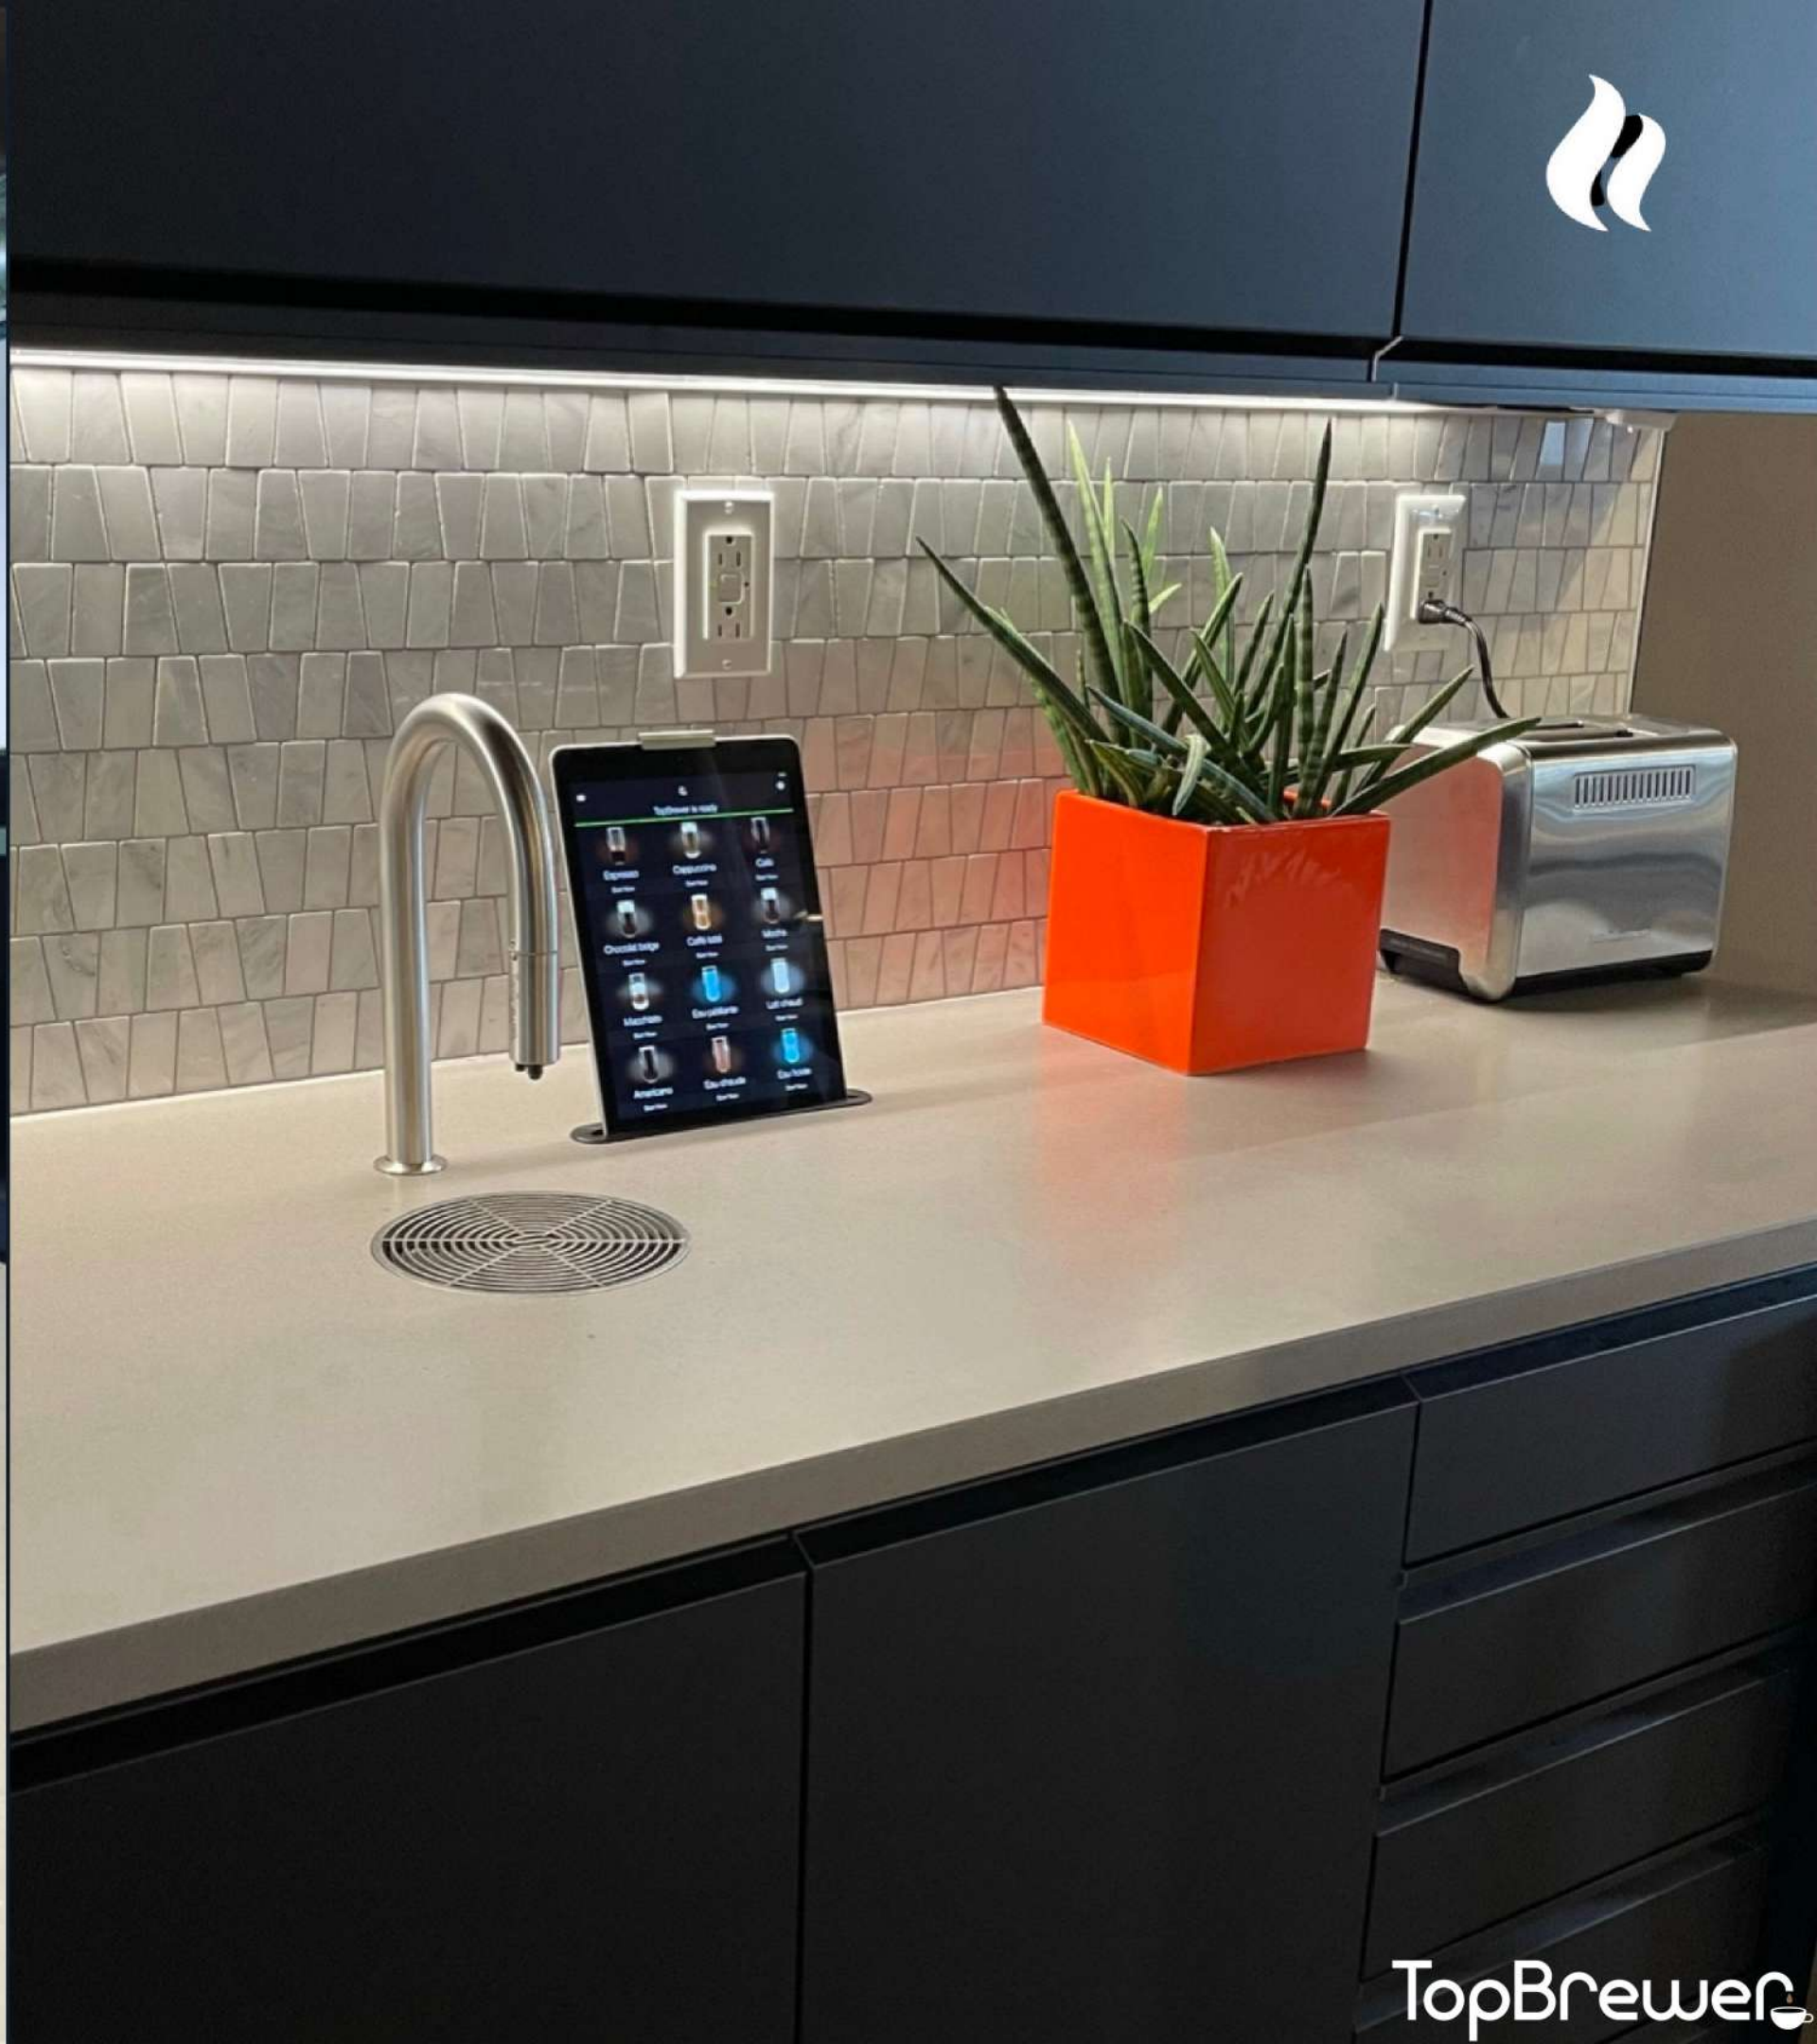

Location: Montréal, Québec  
1 TopBrewer Pro series

Groupe API, which specialises in furniture sales for businesses, is persistently scouting for the latest trends to provide prestige and impeccability to their customers and employees. The installation of the TopBrewer turned out to be a fundamental asset in their workplace. The latter sits resplendently in their leading restoration room area.

Groupe API

TopBrewer

## Law firm

Location: New York City, U.S.A.

1 TopBrewer Pro series

Installation: 2024

In high-end office environments, the experience of law firm members is crucial in every decision-making process. Their workspaces are meticulously designed to blend luxurious aesthetics with exceptional experiences. They have opted to install a TopBrewer Pro series across their premises to guarantee tenants enjoy a premium coffee experience at their offices.

## CIBC TOWER

Location: Toronto, Ontario

1 TopBrewer Pro series

1 TopWater

Installed: 2021

Size: 51-250 employees

This financial firm was looking for a high-end, designer solution to enhance their dining room. On the counter, at each end, is installed a TopBrewer and a TopWater, which allows adequate rolling and a marvellous visual balance.

# CIBC TOUR

# KELLOGG'S

Location: Dublin Airport Central, Dublin

Installed: 2019

5 TopBrewer Pro Series

Size: 51-250 employees

Kellogg's new office space at Dublin Airport Central was designed to act as a central hub for their 230 employees, so it was vital to get the space right. They chose to install 5 TopBrewer Pro Series to offer a first-class coffee experience for their staff and guests. In light of Covid-19 safety concerns, Kellogg's employees have been making use of TopBrewer's touchless technology, including its app- and voice-control technology.

## Park it 360

Location: Carleton Place, Ontario

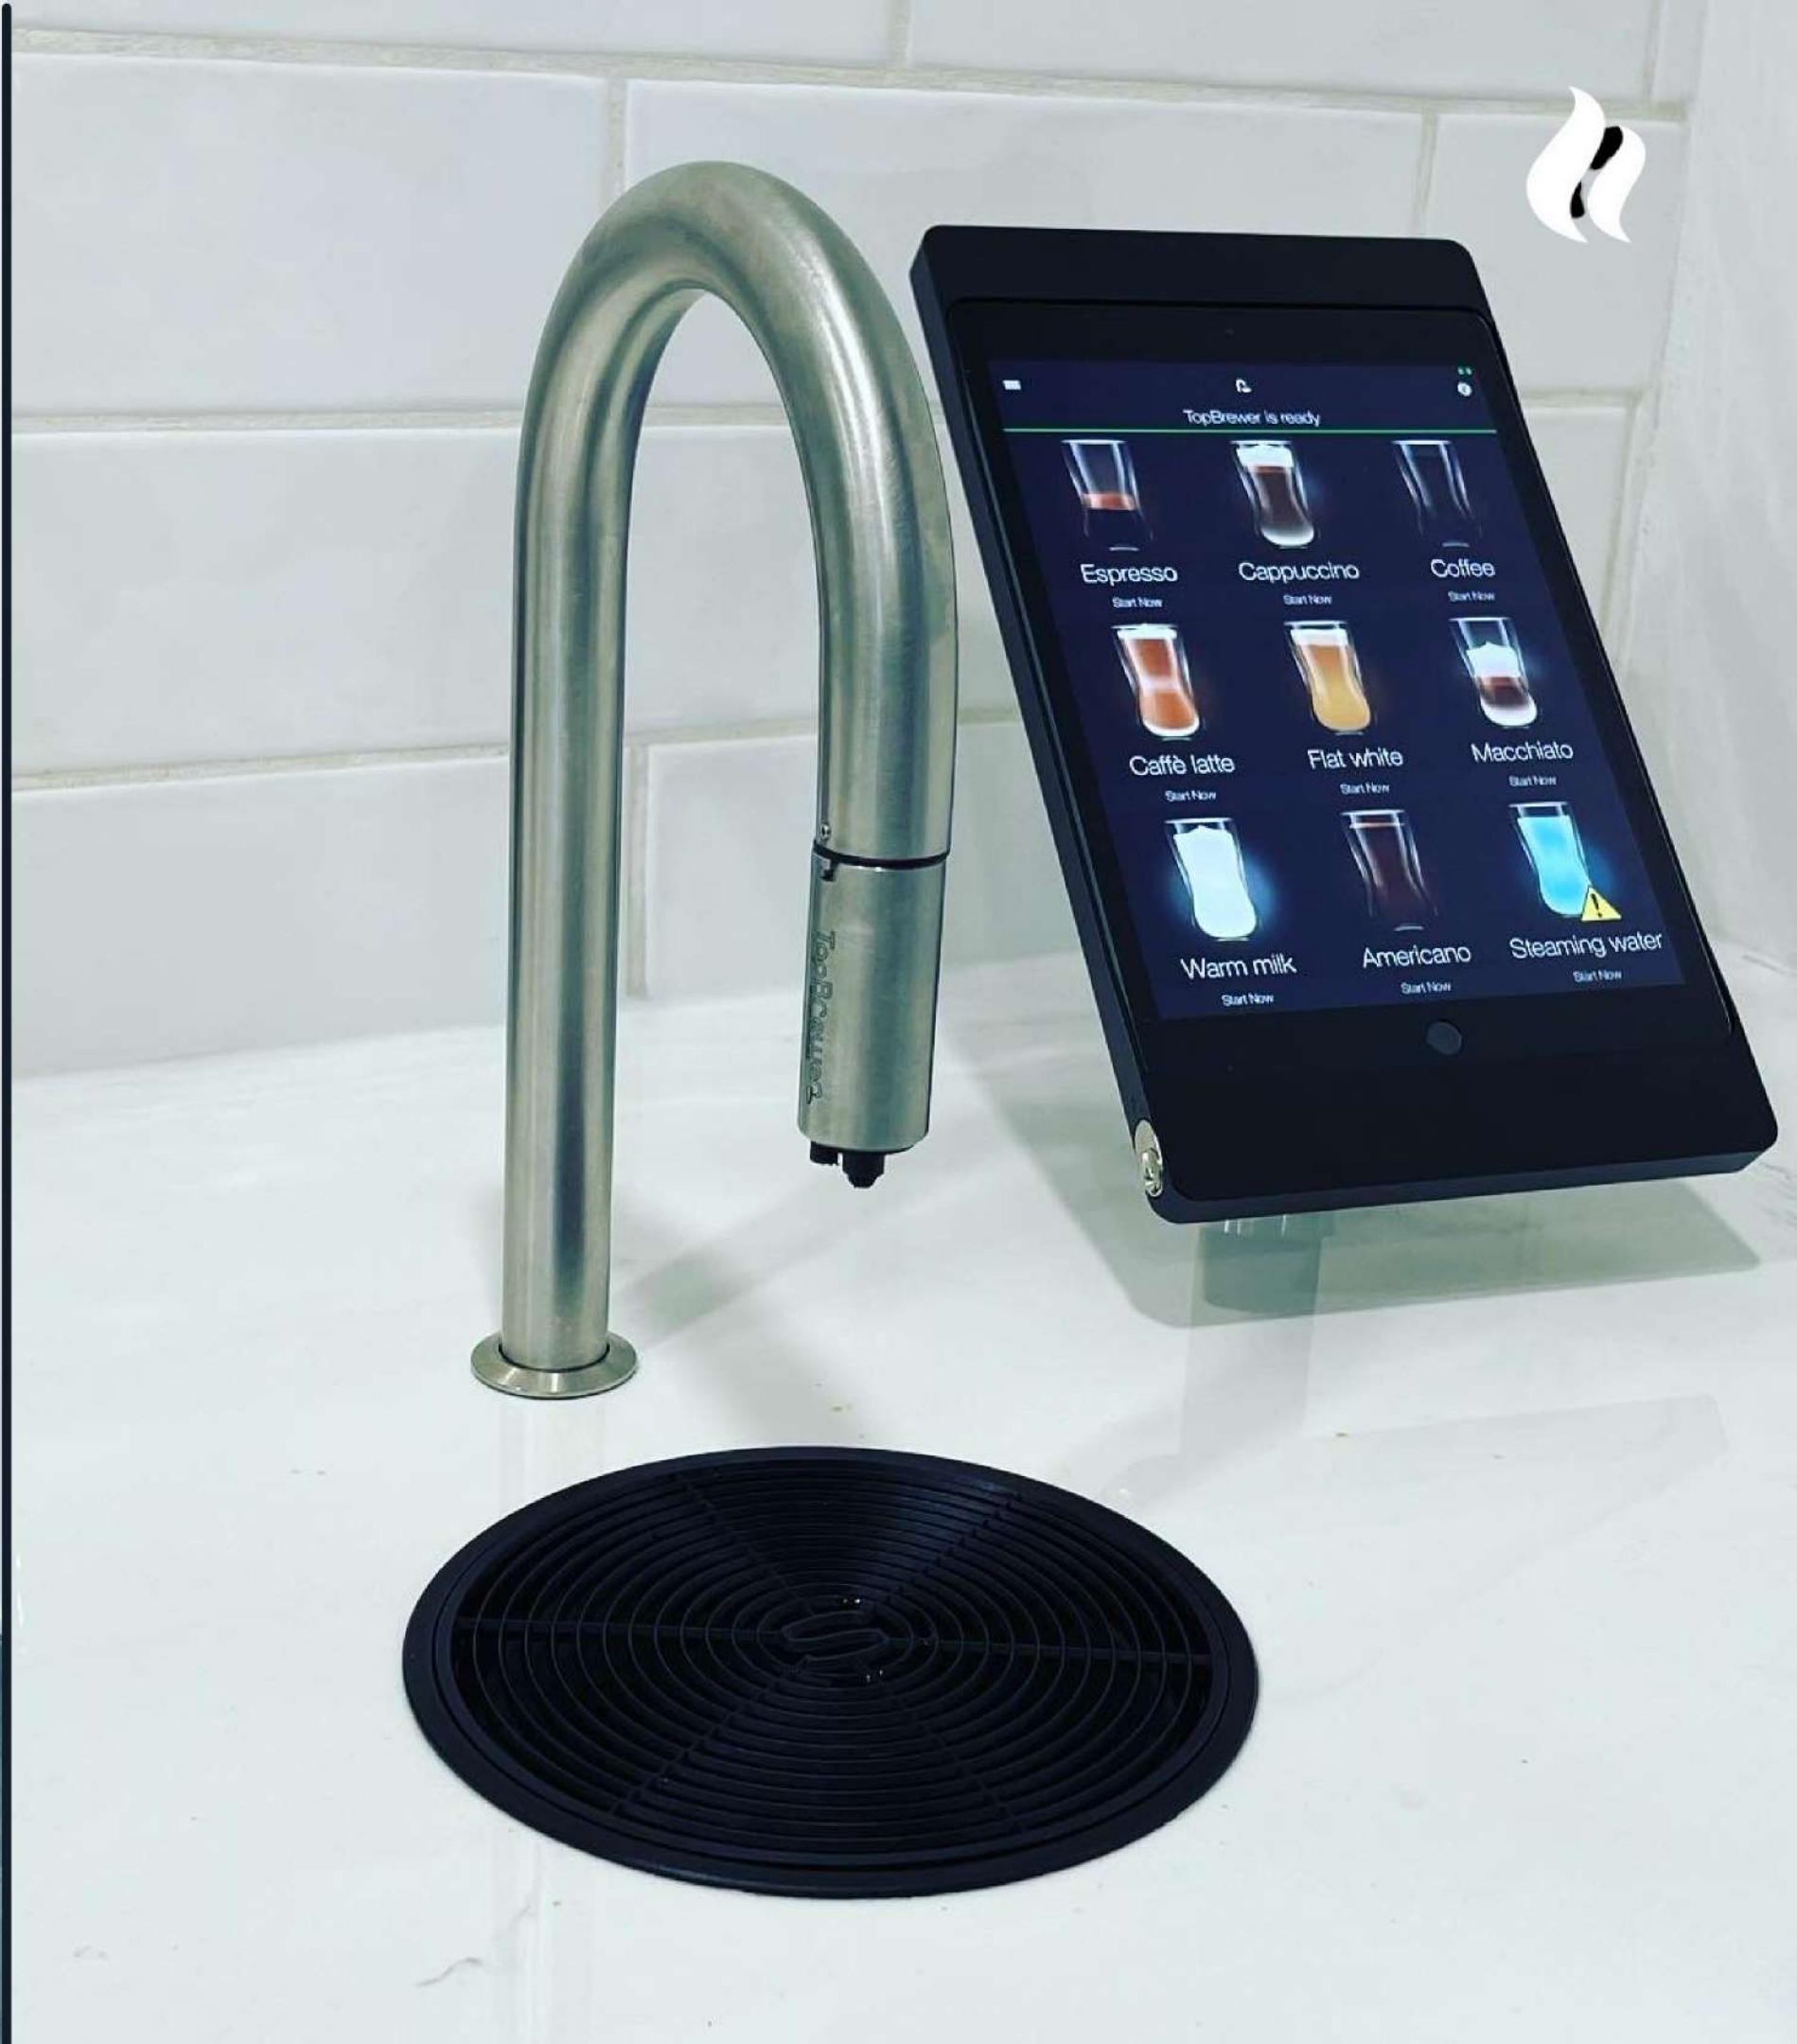

1 TopBrewer Pro series

Installed: 2021

Park it 360 used to pay for the coffee of its employees in a restaurant chain once a week. The manager discovered that the costs generated by this good deed were exaggeratedly high. Therefore, the installation of the TopBrewer became an advantageous proposal to their problem. The TopBrewer, at the disposal of its employees, offered them high-end speciality coffee five days a week, without leaving the establishment and at a good cost.

# Parkit 360

# Minimum Footprint. Maximum Reassurance.

Designed for remote smartphone use and to reduce shared contact points, TopBrewer provides a touch-free and reassuring premium coffee experience to meet the needs of today's coffee consumers.

## Canco Petroleum

Location: Kelowna, British Columbia

1 TopBrewer Pro series

Installed: 2022

While renovating their head office, a coffee corner was established on the plans. Looking for a user-friendly, technologically advanced and stylish device, the TopBrewer met the company's criteria and even more!

The TopBrewer application allows each employee to personalise their favourite beverage on their cell phone and save it for their next drink order.

# MICROSOFT

Location: Amsterdam, The Netherlands

Designer: Sevil Peach and Veldhoen + Company

Size: 750-1000 employees

For their HQ in Amsterdam, Microsoft wanted to create a hub that would welcome staff, guests and clients and promote collaboration and teamwork. TopBrewer delivers a first-class, memorable coffee experience without compromising on drink quality or design aesthetics.

# ADOBE

Location: White Collar Factory, London

Designer: Gensler

Installed: 2017

7 TopBrewer Pro Series

Size: 750-1000 employees

Adobe wanted a space that would encourage spontaneous collaboration and social interaction. They installed 7 TopBrewer coffee machines throughout their neighbourhoods as an enabler of chance conversations and to provide a barista-quality coffee experience for staff and guests.

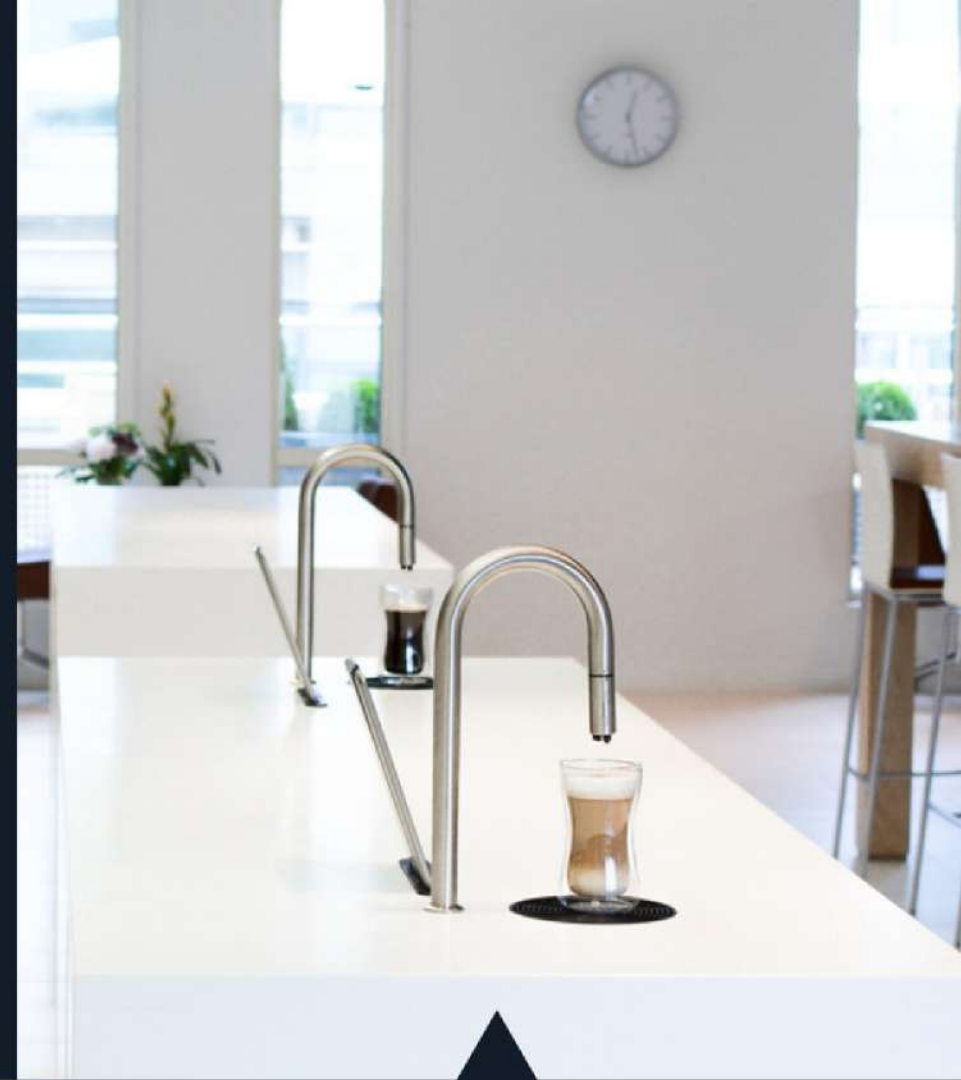

# Level up your coffee experience with TopBrewer.

TopBrewer combines a hyper-personalised, human-centric and meaningful experience with great coffee and the latest in connected & touchless technology.

## Safety is key

The intuitive TopBrewer app means there's no need to touch shared buttons or surfaces, and the ability to save your favourite drink means you can enjoy it at any time, from any TopBrewer you choose to use, using your own device.

## It's all about the experience

Give your guests, employees and clients a premium, personalised and unique coffee experience they won't forget.

## Streamline your service points

As well as its large range of barista-quality coffees, luxury hot chocolate, and hot water for tea drinkers, TopBrewer also dispenses chilled still and sparkling water; streamlining your drinks solutions and saving you money.

## Sustainable design

TopBrewer's digitally-driven, future-proof design and sustainably sourced coffee beans make it the most sustainable coffee machine on the planet.

## Batimat / EMCO

Location: Montréal, Québec  
1 TopBrewer Pro series  
Installed: 2021

This company specialising in high-end plumbing had coffee equipment that was not up to their customers' expectations. In expectations to level up their customer services, the TopBrewer became their primary option: It blends in wonderfully in the showroom but attracts all eyes.

# What do our clients think?

## CBRE

Oliver Thomas, Snr Director

*"The TopBrewer concept fits perfectly into our new Client Lounge with its sleek design, advanced technology and overall 'wow factor' experience."*

## Autodesk

Lorraine Broun

*"Investing in a TopBrewer for our office refurbishment has shown our employees how much we value them."*

## MoneyPenny

Ed Reeves, Co-Founder

*"The TopBrewer design plays perfectly into the modern, social environment at MoneyPenny and we all love the fact that you can download the app onto your phone and customise your drinks."*

## ACURA LAVAL

Location: Laval, Québec

1 TopBrewer Pro series

Installed: 2021

The Acura dealership in Laval has renovated its facility according to the new Acura criteria. This dealership was a gold nominee of the Grand Prix du Design for 2021.

Acura Laval

## Groupe Lauzon Porsche, Audi & Volkswagen

Location: Greater Montréal, Québec  
4 TopBrewer Pro series  
2 TopBrewer Compact series  
Installed: 2021

Groupe Lauzon installed a TopBrewer in all their dealerships. After using a plethora of dissimilar types of equipment for years, they decided to experiment with their first TopBrewer in 2018. After they were fully satisfied, they decided to install TopBrewers in all of their dealerships.

## Polestar Montréal

Location: Greater Montréal, Québec

1 TopBrewer Compact series

Installed: 2024

The first Polestar dealership in Canada installed a TopBrewer compact to offer a premium experience to customers. The sleek design complements the dealership's modern aesthetic, enhancing the blend of technology and luxury. The eco-friendly TopBrewer aligns with Polestar's sustainability mission. Customers can enjoy freshly brewed coffee while exploring electric vehicles. The dealership aims to enhance customer satisfaction and environmental responsibility.

Polestar Montreal

## Clinique vétérinaire DMV-Nord

Location: Greater Montréal, Québec

1 TopBrewer Pro series

Installed: 2020

Clinique Vétérinaire DMV-Nord developed a chic designer waiting space for their clientele. They selected TopBrewer because of its flexible design, modern technology and its integration ease. TopBrewer is their go-to beverage solution for their staff and visitors.

DMV-Nord

## Volvo Laval

Location: Greater Montréal, Québec

1 TopBrewer Pro series

Installed: 2020 & 2024

Volvo has been offering the TopBrewer since 2020, providing a luxurious and cutting-edge experience for its customers. When relocating their dealership to a new site, they opted to install the TopBrewer again to enhance their brand-new refreshment facilities.

Volvo Laval 2020

Volvo Laval 2024

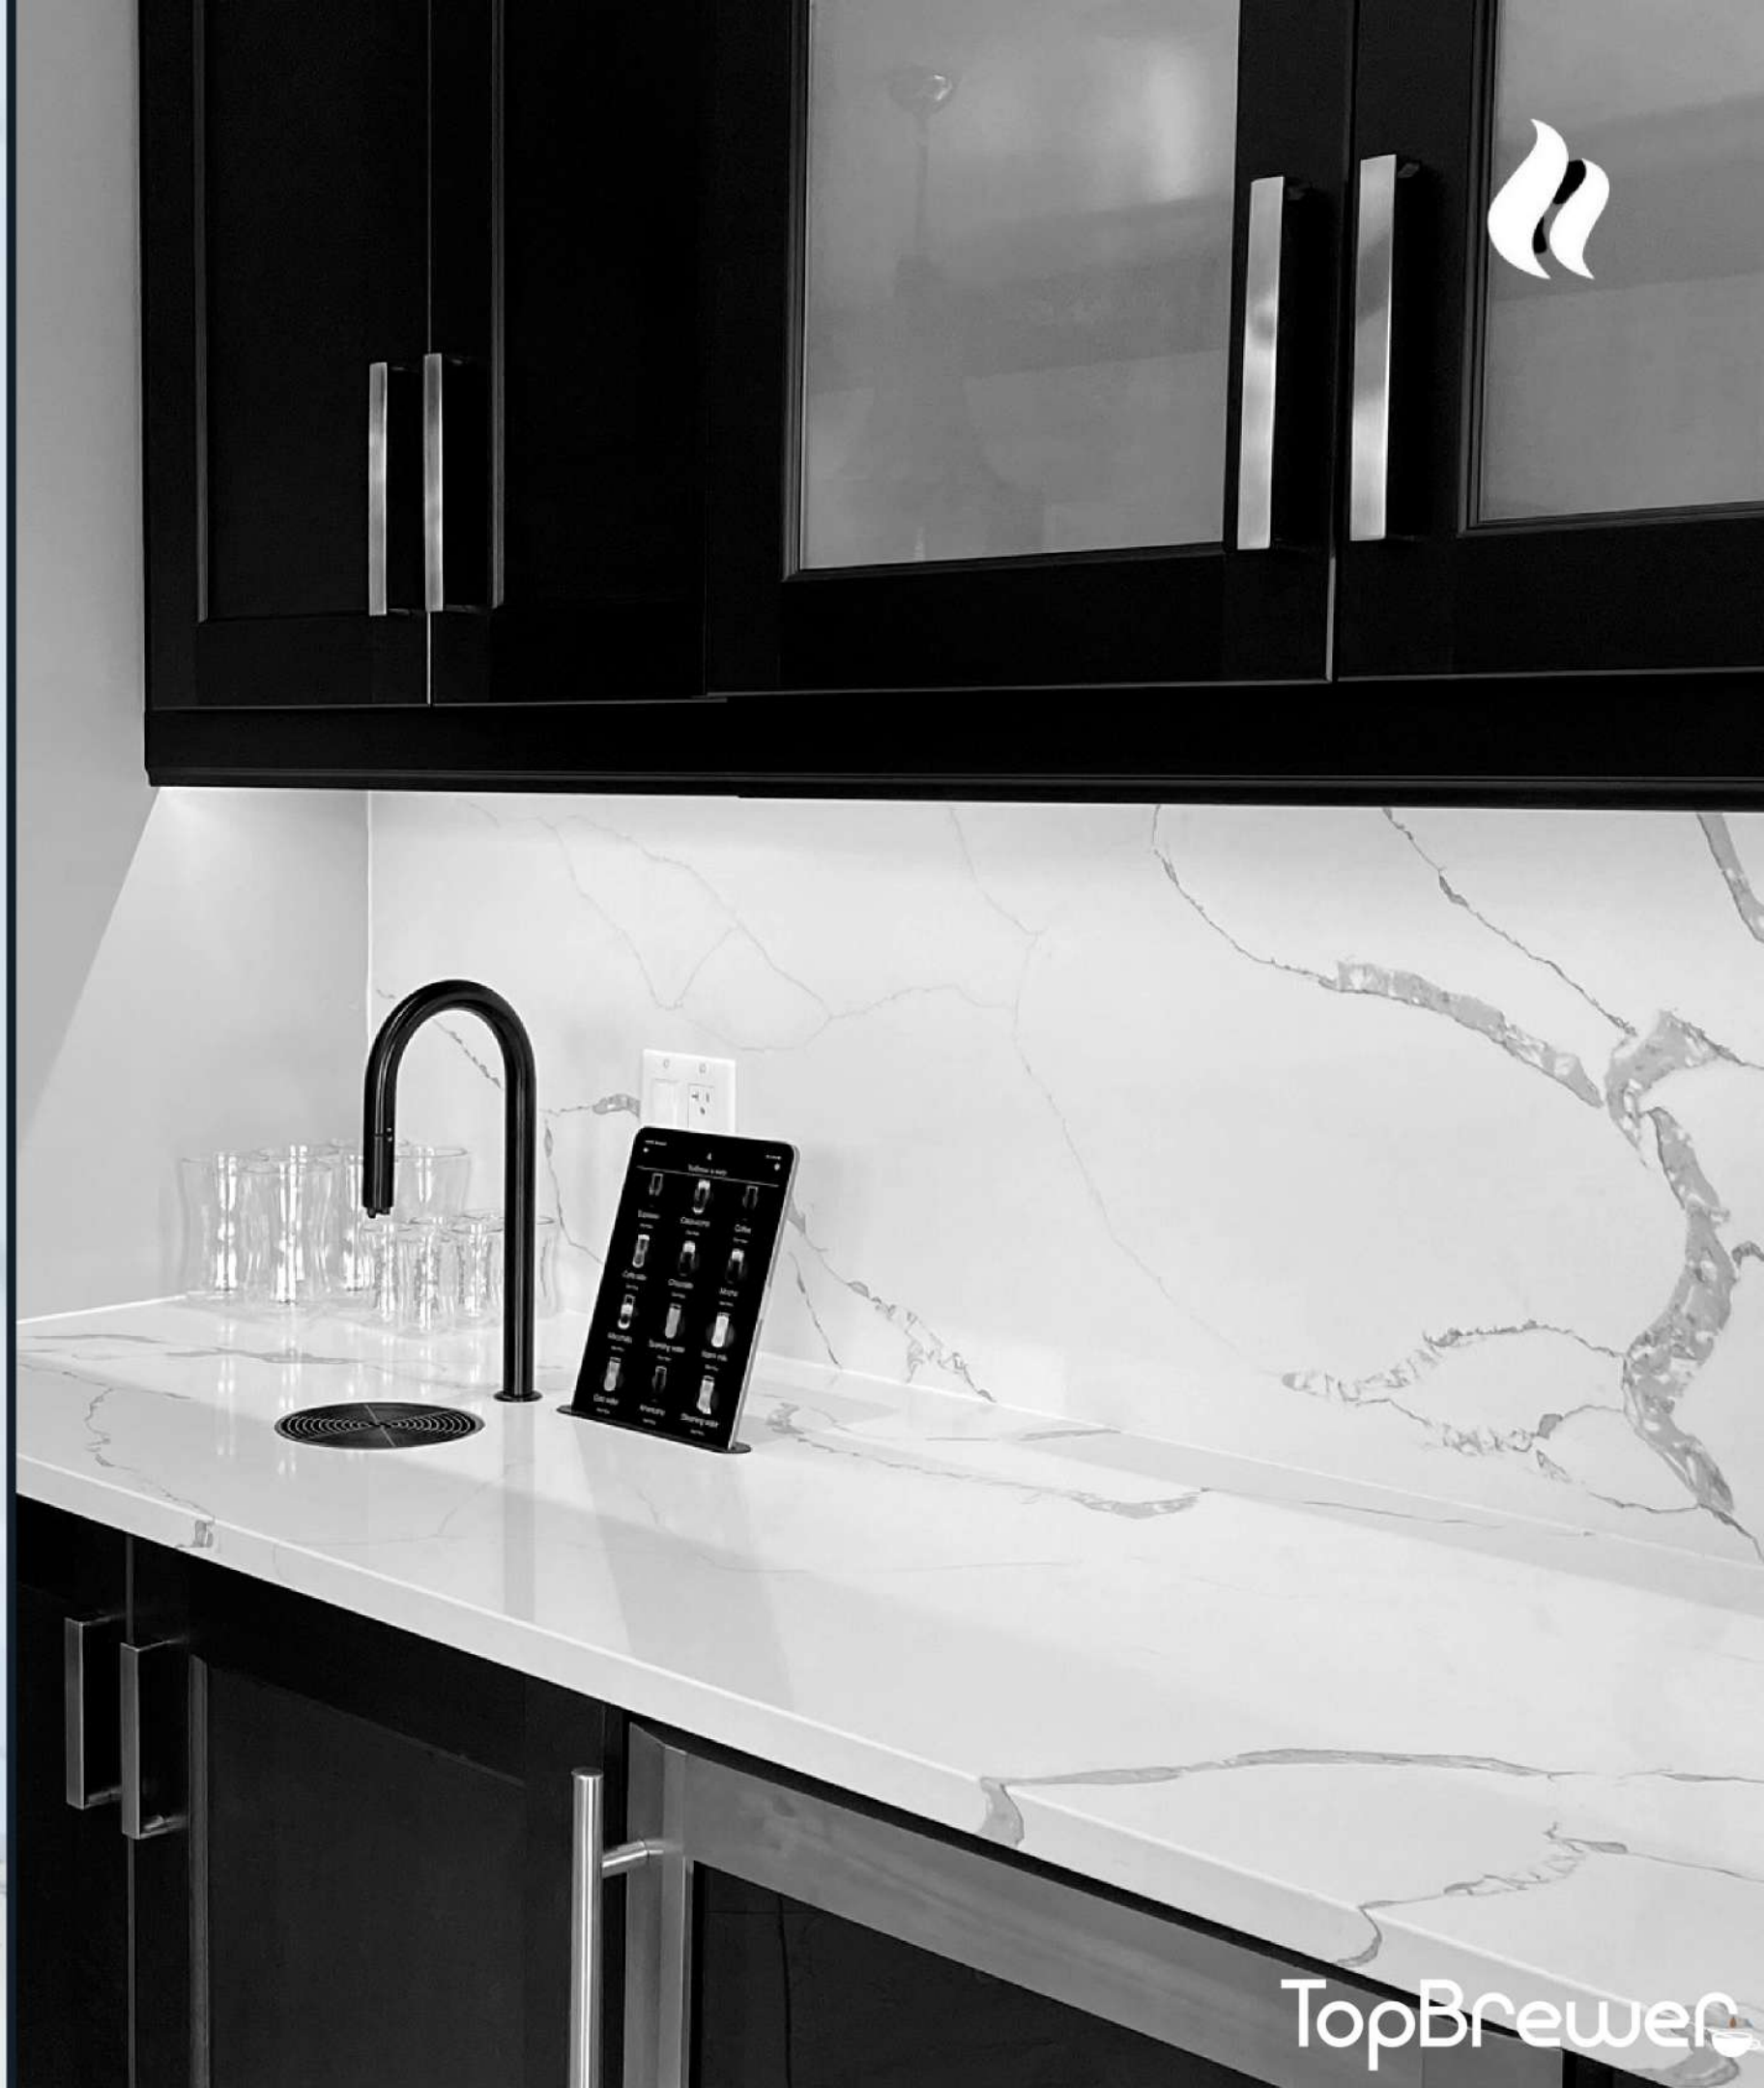

## Consortech

Location: Greater Montréal, Québec  
1 TopBrewer Compact series  
Installed: 2019

Consortech moved its offices to the high-end Quartier Dix30 in Brossard. Consequently, the innovative coffee machine TopBrewer became a no-brainer choice.

# CBRE

Location: One St Peter's Square, Manchester  
Designer: CBRE Building Consultancy Team  
Size: 51-250 employees

The whole design for CBRE's Manchester office space is focussed on delivering a first-class experience for staff and guests. With the coffee experience playing a vital role in the modern workplace, it was important for the CBRE team to get it right, so they installed TopBrewer to enhance the experience and deliver a barista-quality in a memorable way.

The TopWater is an independent water dispenser unit.

This unit can serve cold, ambient and carbonated water.

It can be configured to fill a glass and jug for your meeting rooms.

Like the TopBrewer, it is compatible with smartphones and tablets.

The TopJuicer is an independent juice and water dispenser.

This unit can serve three different types of juice and be combined with sparkling water to provide fizzy juices.

It also serves cold and sparkling water.

Like the TopBrewer, it is compatible with smartphones and tablets.
